PARALYZED IN AN ACCIDENT

Keeps Digestion Sound and
Bowels Regular by taking
"Fruit-a-tives,"

The Famous Fruit Medicine

De Nova, Colorado.

I have just come here from Van-
cover, B. C., and I have been taking
your wonderful fruit medicine, "Fruit-
a-tives" for two years. No other medi-
cine answered my requirements like
yours.

Nine years ago, I was in an accident
and the lower portion of my bowels
are paralyzed; therefore, I need a
medicine that does not lose its effect,
and I have been absolutely satisfied
with "Fruit-a-tives" since I began
taking them.

Mrs. C. C. REMINGTON.

Now, you might think that any
medicine which is strong enough to
move the bowels when they are paral-
yzed, would be too powerful to be
used by a person suffering with
ordinary Constipation. Yet "Fruit-
a-tives" is regularly taken by children,
young boys and girls, men and women
of all ages, without pain, griping or
other ill-effects. Because "Fruit-
a-tives" is a genuine fruit medicine,
made from the juices of fruit, and gains its
peculiar power to cure Constipation
because of this fact.

MAINTAINING NAME OF HERMAN

Magician at Opera House Monday
Night Has Distinguished Ancestry

The name of Herrman is synony-
mous with magic. There is Carl Her-
man, the father of modern magic
(1816-1887); Alexander Herrman
(1845-1896) known as "Herrman the
Great" the peer of all magicians;
then Leon Herrman (1867-1909) and
now we present to you Felix Her-
rman, "The Incomparable," the nep-
hew of Herrman the great.

Felix Herrman, who comes to the
opera house Monday evening, Dec.
26, is that rare genius who was born
to sustain the formidable reputation
of the supreme in the art of wizardry.
He is a master of magic, a man of
wonderful brain and resourceful who
over the air for years.

The stronger, deeper, original and
problematical attraction and holds him
in passionate embrace. Thirty years
of untiring exploration and research
of the most difficult and unorthodox
aspects, with a brilliancy of ex-
ecution that is starting a new era and
compelling personality combined with
a genuine artistic finish, have un-
doubtedly ende him to the degree of mas-
ter. The greatest feats of ac-
cident and letter day magicians added
to his own wonderful operations, make
his repertoire the greatest of the past
and the best of the present.

His very latest feat, and one that
has baffled not a one his fellow magi-
cians but the world at large, is the
sawing of a woman in two. This has
been declared the most astounding,
mind boggling beyond reason feat that
has ever been conceived and executed.
One must really see to believe.
